## REPORT OF AUDITORS FOR TOWN OF MILTON

We have examined the books of the Town Clerk, Selectmen, Tax Collector, Treasurer, Trustee of Milton Mills Free Library and Trustees of the Trust Funds and find them correct to the best of our knowledge and belief.

CHARLES E. PIPER,  
THELMA P. TIBBETTS,  
Auditors

*REPORT OF THE COMMISSIONERS  
OF THE MILTON WATER DISTRICT*

Your Commissioners submit the following report for the year of 1960.

We had several service leaks in galvanized pipe which were repaired or replaced with copper tubing. We must expect this trouble to continue until all are replaced with copper.

We have added to our equipment a diaphragm pump of large size which has been very helpful in keeping the water pumped out of the trench while the repair was being made.

The system seems to be in reasonably good condition after nearly twenty five years of use.

Perhaps at this time it would be well to look back to 1935. The Salem Shoe Co. had moved into the factory on Charles St. and the outlook for the future seemed good, there was a great demand for a water system, most of the wells were bad, fire protection was poor, very few bathrooms were in existence.

Harlen N. Bryant, a local engineer, worked out preliminary details for what seemed to be a system that would meet the requirements of the District and arrived at a price of \$65,000. After several preliminary meetings for discussion a meeting was called by the Fire Dept. Commissioners Thomas G. McGrath, James D. Pinkham, and Frank B. McIntire (all have since passed away) Sept. 10, 1935 at the Engine House Hall, favorable vote authorized them to bond the District for \$36,000. and secure a grant from the Federal Emergency Administration of \$29,454. March 4, 1936 work started on the pump house and on Aug. 21, 1936 water was being pumped to the customers and the 29 hydrants.

Nov. 1st of this year the final payment of \$1,500.00 will complete the payment of the system, however we will still have to continue paying on a \$10,000 loan for moving the pipes around when the new highway was put through the village, also \$10,000 on the Farmington Road extension.

Respectfully submitted,

Stanley C. Tanner

**MILTON FIRE DEPT.****REPORT OF THE MILTON****FIRE DEPARTMENT**

This year showed a sharp decline in the number of calls answered by the department. Brush fires, the most frequent call, were cut by two-thirds. This is attributed to the number of burning permits requested and the large number of requests concerning fire conditions before a fire was kindled. This cooperation is greatly appreciated by the department and the department hopes that this cooperation will continue throughout the coming year.

In 1960 the department answered 20 calls. They are as follows:

- 6 Town Dump
- 4 Chimney Fires
- 3 Automobile Fires
- 2 Building Fires
- 1 Brush and Grass Fire
- 1 Electric Motor
- 1 Station Standby (Hurricane Donna)
- 2 Calls to Lebanon

Respectfully Submitted,

HERBERT A. DOWNS,

Chief Engineer, M. F. D.

## MILTON MILLS FIRE CHIEF

### REPORT OF MILTON MILLS FIRE CHIEF

*To the Voters and Commissioners of the Milton Mills  
Fire District:*

The following calls were answered from January 1,  
1960 to December 31, 1960:

In the District:

- 2 Chimney Fires
- 2 Building Fires
- 5 Dump Fires

The following calls were received outside the Dis-  
trict:

- 3 Chimney Fires (Acton, Me.)
- 1 Brush Fire (Acton, Me.)
- 1 Lumber Yard Fire (Hurd, Acton, Me.)

Once again I would like to call your attention to the matter of outdoor fire permits. You must acquire a permit to kindle an outside fire of any kind, this does not apply when the ground is covered with snow, but at other times or when in doubt, please contact me and I will assist you.

Respectfully submitted,

DAMON PIKE,

Chief

## THE STATE OF NEW HAMPSHIRE

To the inhabitants of the school district in the town of  
Milton, New Hampshire, qualified to vote in district  
affairs:

You are hereby notified to meet at the Town Hall in  
said district on the 11th day of March 1961, at seven  
thirty o'clock in the evening to act upon the following  
subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for  
the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the  
school board and truant officer, and fix the compensa-  
tion of any other officers or agent of the district.
6. To hear the reports of agents, auditors, com-  
mittees, or officers chosen, and pass any vote relating  
thereto.
7. To choose agents, auditors and committees in  
relation to any subject embraced in this warrant.
8. To see what sum of money the district will  
raise and appropriate for the support of schools,  
for the salaries of school district officers and agents and  
for the payment of statutory obligations of the district,

and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund, together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district wishes to hold School District meetings hereafter at the Nute High School Gymnasium-Auditorium.

10. To see if the district will authorize the school board to sell a parcel of land approximately 34 feet frontage on School St. by 150 feet in a westerly direction abutting the present John Gilman boundary and on the present Nute High School northern boundary line.

11. To transact any other business that may legally come before this meeting.

Given under our hands at said Milton this 6th day of February, 1961.

\* \$100 for coaching

† \$200 for coaching

Pupils from other districts attending Nute High School are distributed as follows:

Town	Grade 9	10	11	12	Total
Wakefield	17	7	6	3	33
Lebanon	4	2	1	0	7
Acton	1	1	1	0	3
Brookfield	1	0	0	0	1
Middleton	0	2	0	0	2
Rochester	1	0	0	1	2
<b>TOTAL</b>		24	12	8	44

Tuition pupils increased by 13 over the previous year which gives the town of Milton an estimated additional \$5,000 in tuition receipts.

The School Board, at its last regular meeting adopted the following tuition rates for 1961-62:

High School	\$400
Elementary	262

The comparative New Hampshire average tuition rates for the same period are \$436 and \$262, respectively.

### NEED ADDITIONAL TEACHERS

Studies of current enrollment and projected enrollment in the Milton Schools indicate a need for an additional teacher in the elementary and in the high school. The School Board has approved these additional teachers and has made provisions for them in the budget. This would mean a single grade for each teacher in the elementary. Otherwise grades 4, 5, 6 would require combination of those grades with room assignments of 38 and 39 pupils respectively. It is projected that the High School will have an increased enrollment of 37 pupils, which numerically, is adequate justification for the additional teacher on the secondary level.

The above paragraph substantiates the need for additional classroom furniture. In an analysis of equipment on hand made by Principal Folsom, the Milton Schools must have 70 additional units to provide for the increased enrollment and 79 units to replace equipment which is in very poor condition. The areas of home economics, shop and science are also in dire need of additional equipment. Obviously the community is now providing very adequate facilities with the new additions completed last year. However, it is also necessary to provide the proper tools and equipment. It is my belief that the citizens of Milton will not neglect their civic responsibility in this matter.

### SALARY SCHEDULE

Each year it is necessary to reiterate the need to encourage our well qualified teachers to remain in the system. The adoption of a Teachers' Salary Schedule by the School Board seems to be a step in the right direction. This schedule is the joint effort of the teachers and the board and provides for realistic minimum and maximum salaries with a planned program of 10 step increments. Obviously this should minimize the high turnover which the community has experienced in the past.

The morale of the pupils and teachers since September has been exceedingly high. I believe that this will be one of the best years that the Milton schools will have had. The people of Milton are to be congratulated for their efforts and their continued support to public education in their community.

In conclusion, I should like to express my appreciation for the cooperation given me during the year as your Superintendent of Schools by the citizens, school board, teachers and pupils of Milton.

Respectfully submitted,

RAMON MARTINEAU,

Superintendent of Schools

## REPORT OF PRINCIPAL

### REPORT OF THE SUPERVISING PRINCIPAL MILTON PUBLIC SCHOOLS

Nute High

Milton Elementary

Milton Mills Elementary

To the Superintendent of Schools, the School Board, and  
the Citizens of Milton:

#### ADMINISTRATION

This year has been marked by the very pleasant and rewarding experience of operating in a completed building project with facilities that are very adequate. The Principal has been able to spend more time working with the teachers both individually and in group meetings to provide for a better school program and understanding of the problems and goals that concern the schools. The administrative arrangement here in Milton with a supervising Principal for all grades is attracting considerable attention throughout the State as it appeals to many to be a worthwhile attempt to provide more supervision in a school system of this size. In January the Associate Director of Secondary School Services from the New Hampshire Department of Education visited the school for a day. He was most interested in our administrative arrangement as well as other facets of the High School program. He was extremely pleased to see the growth shown in the fiscal plant, enrollment and the improved program of study which this growth has made possible. He was concerned, however, that the provisions for equipment in the various classrooms had not kept pace with some of the other areas of growth. The School Board has recommended in their budget a very large increase in expenditures for equipment also showing that they realize this need for better and more equipment in the schools.

#### PERSONNEL

The Superintendent's report will show the statistical information concerning the members of the faculty this year and their salaries. The faculty holds almost 100 per cent membership in the Local, State and National Asso-

ciations which is real evidence of their professional interest. In the fall the teachers reactivated the Milton Teachers' Guild with Mr. Dionne as president, Mrs. Stanley as Vice-President and Mrs. Julin as Secretary in order to provide for areas of better understanding, cooperation and leadership in their relation with each other, the School Board and with the citizens of the town. Mr. Deschenes is serving as Milton's Executive Board Member of the Union No. 44 Teachers' Association and Mrs. Scott served on a Salary Committee of the Association. Mr. Folsom was elected as Vice-Chairman of the Assembly of Delegates of the New Hampshire Education Association, a position which places him on the State Executive Board.

During the summer Mrs. Stanley, Mrs. Bassett, Mr. Wheeler and Mr. Leib attended the summer sessions at the University of New Hampshire.

### CURRICULUM

Efforts have been made to provide new text books in as many areas as possible and to study these areas needing additional text books or supplementary books. The Elementary Schools are participating almost fully in the offerings of the Education T. V. Station, WENH, viewing each week, Primary Music, Elementary Science in several grades and New Hampshire History. For a time Grades 5 and 6 viewed the conversational French Program but it was felt that this was not profitable unless time and a trained teacher were available to follow up the French lesson in the classroom during the week. This decision has been supported by a recent recommendation from the manager of WENH.

Nute High School is again approved as a six grade Comprehensive high school by the State Board of Education. The addition of a new teacher this year has made possible the elimination of most of the alternating subjects which is a long step in providing for a better program of study. This has also made possible more specialization in teaching, and we now have mathematics, science, home-making and shop teachers teaching only their own fields. It should be noted that the School Board is recommending another additional teacher for Nute High School next

year. The rather rapid growth of the school makes this necessary for with our new facilities the school seems to have increasing attraction to students of the neighboring towns. The entering class of 54 Freshmen this fall made possible and necessary for the first time that Civics and English be divided into two sections which itself is providing for better learning experiences. It seems quite certain at the present time that next year's Freshman Class will be larger still. The fall enrollment in 1959 was 167; the fall enrollment in 1960 was 183 and the predicted enrollment for 1961 is 220.

Our Music Department with Mr. Mirabile instructing vocal and some instrumental and Mrs. Bassett instructing instrumental and vocal has continued to develop and promote the participation in music. The combined bands of the Milton and Farmington Public Schools presented a Concert on successive nights in Milton and Farmington. Selected members of the Milton School Band played at the Farmington Memorial Day Exercises and marched in the parade. The Nute Chorus consisting of 46 members have entertained the townspeople many times and last Spring were privileged to participate in the Newmarket Invitational Festival bringing to the school and their supervisor a considerable honor. One boy and three girls went to Lebanon to participate in the New Hampshire All State Chorus. One boy also played in the New Hampshire All State Orchestra.

The program of testing has been maintained in the schools with an achievement test being administered and corrected by each teacher in grades 1-7 and an intelligence test given by each teacher in Grades 2, 4 and 6. Grade 8 participates through the National Defense Education Act in a State wide testing program administered by the Testing and Advisement Council.

The Sophomores also participate in the State-wide testing program administered by the University of New Hampshire Testing Service. The results of these enable us to compare the levels of achievement and intelligence of our students with State and National norms. The first grade teachers in September make use of the Metropolitan Reading Readiness Test to assist them in

grouping the new first grade pupils. The results of these tests are used in many ways by the teachers and the school to measure the progress of each pupil and to assist in making decisions as to individual progress. It should be emphasized, however, that the result of a test is only one of many tools used to evaluate the progress of an individual. The results of these tests are maintained in individual folders kept for each pupil through his 12 years of public school and are entered on the permanent records maintained in the Principal's office.

The students have made good use of the new facilities for extra curricular activities and dances under the sponsorship of the different classes in the school. The Senior Class was able to enjoy a very successful Senior trip to New York chaperoned by Miss Goodwin, their advisor, who was assisted in her duties by Mrs. Chase and Mr. Mirabile. The school newspaper the Flash with Miss Goodwin as advisor is published at regular intervals and continues to compare well in quality with similar publications of other schools. For the first time in 1960 the Purple and Gold Yearbook with Miss Goodwin as advisor was published with a hard cover. The opportunity for Public Speaking is continued through our Founders Night observance and this year Mr. Leib has been able to create an increased interest in this activity.

### ATHLETICS

The increased enrollment in Nute High brings increased participation and interest in our sports. The Gymnasium facilities now available are excellent, are unsurpassed by any in our league and are better than many schools. The school continues to sponsor Soccer, Volleyball, boys and girls Basketball, Baseball, Softball and Cheerleading squads according to the rules of the Southeastern League and the NHIAA. Last Spring the Baseball team under Mr. Dionne were champions of the SEL and were defeated in the State play-offs by Belmont. This Fall the Soccer team under Mr. Regan were champions of the SEL and were defeated in the quarter finals of the State Tournament by Alvirne of Hudson. The members of the Soccer team were the honored guests at a testimonial dinner tendered them by the Wakefield Lions Club. They also were awarded the Al Gerrior Trophy

which is presented each year to the outstanding Soccer team in Southeastern New Hampshire. A school holding this trophy for five years may keep it permanently. For the first time in several years the boys' basketball team has come out of the cellar with several wins to their credit and prospects of a better future in years to come. The interest and support provided our athletic teams by the parents and citizens of Milton is most encouraging and beneficial for it is well above that experienced by most of the schools in our league.

The coaches and teachers are attempting to provide as much opportunity for participation in sports and particularly basketball as possible. We are this year in Basketball maintaining varsity, boys and girls, junior varsity, boys and girls and 7-8 grade boys. These squads, with an opportunity once a week for boys in grades 1-6 to use the Gym, places at times a strain on both the time available for the use of the Gymnasium and upon the participants. With the first year in the new Gymnasium behind us more care will be used in the future in scheduling games.

The second annual Sports Banquet sponsored during commencement week by the Teneriffe Sports Club was a fine example of civic contribution. More than 60 athletes received awards with nearly 200 attending the banquet in the Gymnasium. A great deal of appreciation is due the club for the financial support and the many volunteers who worked long hours to provide this successful form of recognition.

#### LITTLE LEAGUE FIELD

The School Board, the Selectmen, and the Teneriffe Sports Club cooperated during the Spring to expand with fill the Elementary School play grounds, to erect a baseball backboard and to provide a good baseball diamond which was used with a great deal of satisfaction by both the school children and the members of the Little League teams.

#### LIBRARY

The trustees of the Library have been most generous in their efforts to improve the facilities of the Library

and to increase the time it is available to the students. The room has been redecorated, shelving remodeled and new shelving and furniture purchased. The Library is now open each school day from 1:00 to 4:00 p.m. and during vacations on Mondays and Thursdays from 2:00 to 4:00 p. m. Mrs. Plummer is working extra hours to catalog the books. During the fall with the assistance of Mrs. Margery Hopkins, State Library Consultant, and Mrs. Rachel Sanborn, State Extension Librarian, Mrs. Plummer surveyed all the books and many undesirable volumes were weeded from the shelves. In selecting the 142 new books purchased by the Librarian this year, Mrs. Plummer has received help from the state consultants, from teachers, and the standard guides which recommend books for Libraries. It is very gratifying to see the increase in the use of the Library by the students with 4,129 volumes having been loaned in the first half of the school year. Far more important than the actual use of books is the opportunity presented to students to learn good Library habits. The use of the Library by the citizens of the town is increasing slowly and every effort is being made to make everyone realize that adults are welcome in the Library at any time it is open. It is possible for anyone to use the Library without disturbing the school and without being disturbed by the school.

### HOT LUNCHES

This year for the first time, as a result of a desire to use the lunch facilities as much as possible, the School Board voted to serve hot lunches in both Milton Elementary and Nute High Schools each of the 180 school days. Our cooks continue to serve meals, prepared from the finest ingredients, which are appetizing and well accepted by the students. The participation in the program by students continues to be one of the highest in the State and is a credit to the abilities of the cooks and to the support given the program by the school officials and the faculty.

### THE SCHOOL PLANT

The School Board believing that the school facilities should be used as much as possible by the citizens of the town have established a written rental policy which is designed to promote the use of the school buildings. The

Gymnasium is open on non-school days from the hours of 1:00-4:00 p.m. for those wishing to play basketball providing a School Board member staff or faculty member is present. Organizations wishing to rent or make use of school facilities for meetings may do so with little or no expense involved. All applications for school facilities should be made to the Principal at Nute High School, where information is available concerning the rental policy.

During the summer the second floor hall at the Milton Mills Elementary School was painted, two classrooms were painted at the Milton Elementary School and three classrooms and the new stairwell were painted at the High School. During the summer all the glass in all the buildings was washed and all the buildings were given a thorough cleaning by the custodians. The increased area increased the demands on the time of the Custodians. It is interesting to note that our schools now have about 23,000 square feet of asphalt tile floor and over 12,000 feet of hardwood floor. There are 20 classrooms, 10 toilets or basements, 2 cafeterias, 2 kitchens, a large Gym and many small accessory rooms which require frequent cleaning and periodic maintenance and painting.

It is a credit to the Building Committee, to the General Contractor and the Architect that with but a few exceptions the new buildings have functioned well and have developed no serious defects. The Gymnasium floor seems now to be acceptable and we have had many compliments from visiting basketball teams and fans this year. The need for new furniture is indicated by the increased items in the budget for new equipment. A survey of the seating now available in the school system shows that about 200 units are 40 or 50 years old with only a few in fair condition. The schools are most fortunate to have the keen interest and service of the Highway Department in providing for grading and maintenance of driveways and parking areas in both summer and winter. This cooperation between town and school officials is unusual and does not exist in many towns. We are also indebted to the Town Beach Commissioners for providing space for our softball and baseball teams as well as storage space for some of our equipment. It is

a most gratifying experience to see the schools grow in size, to see the curriculum expand and improve, to see scholastic standards strengthened and to see the athletic program meet with success. Most gratifying is to enjoy the cooperation and understanding of a faculty and staff who count not the hours or labor expended in bringing to the school many talents. All of this is possible because of the loyalty, the confidence and the support of the citizens, taxpayers and school officials.

Respectfully submitted,

John B. Folsom, Principal

## REPORT OF SCHOOL NURSE

To the Superintendent of Schools, the School Board and the Citizens of Milton:

I hereby submit my annual report as school nurse.

The health program was pretty much the same as last year; weighing and measuring the children, checking their vision, teeth, heads and skin. Any defects found were reported to the parents.

The Tuberculin Skin Test sponsored by the New Hampshire Tuberculin Association was given to three hundred and eighty-four, this included children in the Milton Grammar, Milton Mills and Nute High School as well as the teachers, cooks, janitors. Those who had a reaction went to the clinic in Rochester for chest X Rays. There were five that reacted. X-Rays showed all were negative.

Two polio clinics were held at the Milton Grammar School. One hundred and twenty-five children received their first, second, third, or fourth shot.

Three dental clinics were held at the Milton Grammar School. Dr. Pudlo from Pittsfield, N. H. did the

work. Work was done but not completed on thirty-five children. The equipment was furnished by the State Dental Department.

Miss Mary Bullock, a state Physical Therapy Consultant, held two Orthopedic clinics at Nute High School. Three students were examined and given exercises to do.

There were three hundred and four physicals given by the school physician Dr. George E. Quinn, of Farmington, N. H. This included children in grades 1-3-5-7-9-11 in the Milton schools, grades 1-3-5 in Milton Mills as well as the girls and boys who participate in sports. Any defects were reported to their parents.

We had many cases of virus infections, fifty-eight cases of measles, twenty-two of chicken-pox, two of mumps, three cases of ringworm, fourteen of impetigo and eleven of pediculosis, (head lice).

The audiometer has been available so I have been able to check the hearing of children in grades one thru six in Milton, and all of the children in Milton Mills. Will check other grades time permitting.

There were 1105 first aids administered. The majority of these were very minor but time consuming. I made one hundred and thirteen visits to homes of school children during the year.

Our pre-school round-up was held in May. The children who attended were weighed and measured and had their vision and teeth checked.

I definitely feel that something should be done to improve the poor posture of many of the children in our schools.

Again it has been a pleasure working with the children and their parents. I wish to express my appreciation to the School Board, Superintendent Martineau, our Principal Mr. Folsom, teachers, cooks, janitors also parents for their close cooperation.

Respectfully Submitted,

MILDRED L. GILMAN, R. N.

School Nurse
